Saturday morning April

20th at 9 o'clock will be-

gin the greatest bargain

sale ever held in this sec-

tion of New Mexico.

In coming before the people with a sale of this character, we appreciate the fact that any exaggeration or misrepresentation would do us no end of harm; We don't believe in that kind of monkey business any way. Consequently we've tried to tell you about this sale in plain English so none would expect greater things than are actually here.

It's impossible at this time to mention everything in our store, so if you need anything just call on us, we may have it, and if we have, it means money to you.

**Bring this advertisement with you, and don't fail to come early.**

If you can't come send us your order. We'll fill it to the best of our ability, and if you are not satisfied we'll cheerfully refund your money. That's fair isn't it?

We cut samples of any piece goods, but it would not be practical to cut samples of remnants as the pieces cut from would most likely be gone before your order reached us. We'll send the goods and if they don't suit fire'em back.
